GALVESTON RELIEF FUND IS GROWING.

Wheeling is Doing Better Than Other Cities of Her Class in Amount Contributed.

TO-MORROW NIGHT'S CONCERT

Will Likely Result in at Least \$1,000 Being Added to the Fund—Late Contributions.

Nobly indeed, is Wheeling responding to the call for aid from flood stricken Galveston. Already more than \$1,600 has been donated and wired to the mayor of Galveston, and it is likely that fully 3,000 will have been subscribed before the close of the week. Wheeling is responding far more generously than many cities of several times her population, and once again the reputation of this city for open hearted generosity beyond her sister cities is being demonstrated.

Interest to-day and to-morrow centers in the benefit concert at Wheeling Park Casino Tuesday evening by the Opera House band and orchestra, the entire gross proceeds of which go to the flood sufferers. On Saturday, committees were out selling tickets for this entertainment, and at six o'clock Saturday evening it was reported to Messrs. Sweeney and Wiss, the general committee in charge of the affair, that the day's sales footed up 1,200, for which \$600 was received. To-day the committees will be out again, and as three of the routes have not yet been visited at all, it is anticipated that fully 2,000 tickets will be disposed of, netting \$2,000. Many of the business men are buying tickets in bunches of twenty or more, and distributing them among their employees. Owing to the limited time, the committees find it impossible to cover the entire city, and persons not approached may purchase tickets from any drug store between Tenth and Twenty-second streets, or at the hotels.

The credit for this most effective manner of aiding in the relief of the Texans is due to the management of the Opera House band, which suggested the benefit concert and offered the band's and orchestra's services free of charge. Mayor Sweeney and Postmaster Wiss accepted the task of arranging for the concert, and they and their sub-committees have done most effective work.

The concert will begin at eight o'clock to-morrow evening, when the band will render the following concert programme:

PART I.
Overture—"Pique Dame".....Suppe
Cornet Duo, Polka—"Short and Sweet".....Short
Messrs. House and Ludwig
Concert Waltz—"Wedding of the Winds".....Hall
PART II.
Gems from "The Bohemian Girl".....Balfe
(a) "The Palm", for baritone.....Faure
Mr. J. Yahn.
(b) Parody on "The Arkansas Traveler".....Lilje
March—"American Victory".....Lilje
E. W. Spell, Director.

Insert No. 1
The concert will be followed by a dance, with Prof. George W. Delbrugge as floor manager, and for which the Opera House orchestra will render the following music:

Waltz—"On the Beautiful Blue Danube"
Two-Step—"The Blue and the Grey"
Waltz—"Dolly", from "Mam'zelle Awkins"
Two-Step—"Wake Up, Ma Baby"
Redowa—"Sweet Sixteen"
Waltz—"The Singing Girl"
Two-Step—"Cinderella"
Waltz—"Phroso"
"Home, Sweet Home".....(at 12 o'clock)

The Wheeling & Elm Grove will furnish extra cars for the trip to the park, and for the return to the city.

The Western Union and Postal Telegraph companies, and the Adams, American, United States and Wells-Fargo express companies have all agreed to transmit money free of charge to the Galveston relief committees.

THE H. & H. FUND

Still Increasing, and Reached \$1,000 15 Saturday Evening.

Generous Contributions.

At St. Joseph's Cathedral, the Church of the Immaculate Conception, St. Alphonsus church and the other Catholic churches in Wheeling and vicinity, collections were taken at yesterday's services for the benefit of the Galveston flood sufferers. This was in response to the appeal received Friday Bishop Donahue from the Bishop of Galveston. Collections will be taken at the churches throughout the diocese outside of Wheeling next Sunday.

Republican Rally.

The Republicans of Union district will meet in their new club room, opposite the city building, this evening, at 7:30 o'clock, for the purpose of perfecting their organization and transacting general business. The committee in charge has had the building fitted up with electric lights, benches, bunting, etc., and it will be one of the most handy and convenient club rooms in the city. The meeting will be addressed by John Arbenz, Jr., and F. W. Nesbitt.

Taken to the Hospital.

Lizzie Miller, the Little Washington young woman who was drugged and robbed Friday night east of the city, as chronicled in the Intelligencer Saturday morning, was taken to the North Wheeling hospital Saturday evening. Frank Meyer, arrested for complicity

in the affair, was released upon giving bond for his appearance before the grand jury. The other man implicated, "Padge" O'Neill, who, says Meyer, robbed the girl, is still at large, and has probably gone to Ohio or Pennsylvania.

INCENDIARY BLAZE

On the South Side Last Night Was Quickly Nipped in the Bud by the Fire Department—Police Are at Work on the Case.

Last night at 9 o'clock, an alarm of fire was sounded from box 57, at the corner of Thirtieth and McColloch streets, South Side. The fire department responded quickly and soon had the blaze extinguished.

The fire was incendiary in its origin and the police are at work on the case. The scene was the old Spears & Riddle axle works building on McColloch street, above Thirtieth, a frame structure that has not been occupied for two years. The fire bug had inserted a bunch of oiled waste through a hole in the side of the building, in the alley. Happily the blaze was out in its inception when discovered and the alarm sent in. With a five minutes start the building would have been destroyed. Loss is nominal.

Around-the-Hill Fire.

Yesterday at noon an alarm from around-the-hill district on Twelfth street, called out the department. The roof of the home of Robert Yahrhling had caught fire from the chimney and the blaze was making good headway, until a garden hose was brought into play by the neighbors. The blaze was nearly out when the department arrived on the scene. The loss is nominal.

THE GOSHORN WELL

Near Cameron Has Stirred Up Some Excitement in Oil Circles.

The coming in of the Carnegie Gas Company's well on the Goshorn farm, three miles southwest of Cameron, to the tune of forty barrels a day, has created great excitement in oil circles, and already four or five locations have been made, and many others will follow. Yesterday the well was visited by 400 or 500 people from the vicinity of Cameron, and by a number of oil men. The well was drilled for gas, but oil was struck in the Gantz sand, and the result is a new oil pool. Developments at the projected wells will be awaited with interest.
